COUNCIL MEETINGS

Daly City

With two of its members, Councilmen Eugene V. Lynch and B. L. Merritt, absent, the Daly City Council held a brief, routine meeting, Monday night, December 11. Mayor A. J. Gaggero presided.

One resolution, No. 860, was unanimously adopted on the motion of Councilman Howard McHugh. It cancelled delinquent city taxes on Lots 1, 2, 3, 4, and 5, Block V, Mission Street tract. A decree of court made it necessary for the city to comply in the request for the cancellation in this case.

Under communications the council was advised that the California State Railway commission was holding a public hearing, December 13, to determine the reasonableness of rates charged by the Pacific Gas and Electric company for gas service. A petition from the state controller asking cancellation of taxes on property acquired by the State of California, Lot 14, Block 21, Vista Grande No. 1, was read.

The state's request was referred to City Attorney F. E. Hoffmann to draw up the necessary resolution.

Two reports from the Department of Public Health, by Fred A. Collins, deputy, were read. One dealt with routine health and sanitary inspections and water samples, and the other with an investigation of the food establishment at 6630 Mission street. Collins explained that improvements had since been made at 6630 Mission and the license issued.

Councilman Edward J. Dennis reported that dirt at Lincoln playground was being leveled off as a safety measure and for the general improvement of the park.

Under unfinished business a request made in March, 1944, to purchase Lot 52 and a small portion of Lot 53, next to 198 Los Olivos avenue, from the city was reread. Mrs. Anna Meyer wished to buy the property. The matter was referred to the city attorney for the preparation of a resolution.

Mayor Gaggero called for items under new business but there were none. When the claims had been read, Councilman Dennis moved that a warrant be drawn and the claims paid.

Since the fourth Monday falls on Christmas, the council will hold its next public session, Tuesday night, December 26, 8 p. m. at the city hall, 75 Wellington

Town of Colma

Back in its own city hall for the first time in a year, the Town of Colma council met Monday morning, December 11, with the full board of Mayor Fred Lane, Mattrup Jensen, Paul Delucchi, Bartley Flynn, and Peter Barsi in attendance. During the past year the council has met in temporary headquarters in the Weisenburger building while the city hall was leased to the United States government for military purposes.

At the December 11 meeting the council granted a permit to Roy Roach to operate a poultry store at F street and El Camino real. The problem of speed limits for the town were discussed and a committee composed of City Attorney Charles Gebhardt, Councilman Jensen and Councilman Barsi is to make a further study of the situation and recommend the limit which should be set.

Permission was granted the Red Cross to use the city hall for their meetings.

Other city officials present at the Monday morning monthly business session were Clerk E. A. Weisenburger and City Health Officer C. E. Lowe.

To Decorate Tree At Servicemen's Club

Tomorrow night, December 15, servicemen and junior and senior hostesses will decorate the tree and the main room at the Daly City Servicemen's club, 6201 Mission street, for Christmas. The committee, Mrs. Maisie Boyle, Mrs. Anne Eason, and Mrs. Margaret Steele, has asked residents to leave gift packages for the boys at the Daly City Police department, 75 Wellington avenue, marking them for Army or Navy. Last year several hundred gifts were made available through this plan and it is hoped that there will be a goodly number for under the tree, this year.

Any local family who would care to invite a serviceman to the home for Christmas may make arrangements by calling one of the committee, DElaware 4521, RAndolph 5376, or DElaware 9867.

Next week, Daly City Post and Auxiliary No. 410, American Legion, will be in charge at the service center.

Schedule League Game For Sunday

Daly City fans saw a surprise game, Sunday, December 10, when the Moffat-Mantecas played Campi Tavern at 2 p. m. in a thrilling game which featured such star players as Marino Pieretti, Joe Orengo, Ray Harrell, Jake Caulfield, and Eddie Jost. The Moffat-Mantecas won 10 to 5, a score which does not indicate the closeness of the game, as up to the eighth inning it was 6 to 5.

Sunday, December 17, fans will see a Peninsula Winter League game at 2 p. m. Bear Photo Service will play Laundry Workers Local 26. The two teams are now tied for a third place in the standings and Al Erle, who handles bookings at the park predicts an exciting contest.

There will be no 11 a. m. game, December 17.

Sixth War Loan Nears Conclusion

As Daly City's Sixth War Loan drive nears its conclusion, War Finance Chairman Walter J. Lehigh urges a last-minute spurt of buying to bring this community to its goal of $148,392. Sales stood at $113,622, better than 75 per cent, the first part of this week. Of this amount, $68,574 was in "E" bonds, far short of the $130,930 request from the Treasury.

"Give War Bonds for Christmas," suggests Chairman Lehigh. "The Sixth War Loan drive is another opportunity for the civilian patriot to fight by the side of the armed forces. The cost of Victory is yet to be paid in full. An extra War Bond during this drive is the least each of us can do to help meet that payment."

Outstanding event, last week, in connection with the Sixth War Loan was the premiere at the Daly City theatre. Held, Thursday night, December 7, on the anniversary of Pearl Harbor, it drew a full house. More than $50,000 in War Bond sales was represented, it is estimated.

The film shown was "Three Is a Family," which was enthusiastically received by the audience. Before the moving picture, a patriotic program featuring the Girl Scouts of Daly City was held. Scouts and Brownies in uniform provided a background for a War Bond play presented by eleven of their members. The girls did a splendid job, according to the theatre's management, and received a hearty ovation. The colors were presented at the opening of the home-talent part of the program by Old Glory Post No. 2044, V. F. W. Arrangements for the premiere, Daly City's first, were made by Art Kloth, manager of the Daly City thea-

Distribute Tickets For Dec. 18 Event

Tickets were distributed today, December 14 to public and parochial school children of the community for the annual Christmas theatre party. To be held, Monday, December 18, the program will include an exciting western, three or four hilarious comedies, and a community sing. Doors will open at the Daly City theatre at 12:30 p. m. to admit the hundreds of youngsters who always attend this yearly event.

Arranged by Mrs. Anne Eason and Mrs. Maisie Boyle of the Daly City Recreation department, the party is made possible through the cooperation of J. W. Marchbank who pays for the theatre and the city council which supplies the candy. The Women's Civic club will distribute the candy and Santa Claus will be on hand to greet the children.

School vacations begin this week. The public grammar schools and Jefferson Union high school held their last class sessions, today, December 14, and Our Lady of Perpetual Help parochial school closes tomorrow, December 15. All schools resume work, January 2, 1945.

The public schools were out one day earlier to permit teachers to attend a one-day institute in the auditorium of Sequoia high school, Redwood City. Nearly 850 teachers from the schools of the county are expected to attend.

"Our Schools, Today and Tomorrow" will be discussed by Helen Heffernan, chief of the state division of elementary education and Frank B. Lindsay, state assistant superintendent of instruction. Other guests will include State Senator Harry L. Parkman, Assemblyman Harrison W. Call, Roy W. Cloud, executive secretary of the California State Teachers' association; Dan E. Sullivan, assistant district attorney; Mrs. J. J. Garland, president of the California Congress of Parents and Teachers, and Mrs. L. G. Evans, president of Seventeenth district, C.C.P.T. Miss Pansy J. Abbott, county superintendent of schools, will present nine past presidents of the Seventeenth district, C.C.P.T.

Jefferson Union high school gave its public Christmas program, Tuesday night, December 12, in the auditorium. An original play, a Nativity scene, and music by the chorus were featured on the program.

The high school office called attention to the fact that the pool closes, Friday, December 15. Date of reopening for the swimmnig pool is not set as yet. It will not open until some time after the Christmas vacation.

Release January Blood Donor Dates

Four dates on which transportation will be furnished from Daly City to the Red Cross blood donor center at San Mateo have been announced for January, 1945, by Mrs. Ruth Morris, chairman for Daly City. They are January 6, 11, 20, and 25. Advance reservations should be made with her at DElaware 6435. Need for more blood donors was stressed by Mrs. Morris in her request that local residents plan now to give, next month. Blood given by the folks at home means life in many instances to boys on the fighting fronts. It is an entirely painless and harmless process, Mrs. Morris explained, for adults in normal health. All January trips will be made at 9:30 a. m. from McGraw's pharmacy, 6300 Mission street. Transportation is provided by the San Mateo County chapter, American Red Cross.

Twelve local residents were scheduled to make the trip to the blood donor center, today, December 14. Saturday, December 9, the following each gave a pint

News From Jeff District Schools

AT JEFFERSON

The most important event in the Jefferson elementary school, this week, was its contribution to the Sixth War Loan drive. Every class in the school, from kindergarten to eighth grade, contributed to the school's successful participation in this national effort.

The drive in the schools was scheduled for December 6 and 7 only, but was continued one more day at the request of the school children.

Seventy-seven bonds with a maturity value of $2,550.00, were purchased through their efforts. The seventh grade rated first in this bond drive with the purchase of 28 bonds.

The patriotism and enthusiasm shown by the school children in their War Loan drive cannot help but be felt throughout the community and will probably hasten the achievement of Sixth War Loan quotas.

This week's Current Events furnished a series of lively questions for class discussion. The front page topic for this week was 'To Train or Not to Train,' with the principal question 'Should All Young People Give Uncle Sam a Year of Their Lives?' The entire class favored compulsory military training for boys but not for girls.

The boys were very realistic about the matter, saying that they favored compulsory training because they would then get the good physical training they should have, but don't often get now. They also recognized that Army discipline would be good for them.

AT WOODROW

The reading table in Room 1 has been greatly enriched by the addition of several copies of "The China Journal," a loan by one of the class members. These journals contain many beautiful illustrations and interesting articles that will be a great help to the pupils of this room in preparing reports, writing language papers and drawing posters while studying about China, this period's unit of work.

Friday, Room 8 sold two $25 bonds. Leslie Nicolini and Jack Cooper were the two salesmen who convinced their respective mothers that they should buy bonds from them.

The sixth grade made very original Christmas cards to be given to their friends and family. A lovely green and red holly wreath hangs in the window.

The boys and girls of Room 12 learned the story of the life cycle of butterflies. Now the class is waiting for the cocoons that they have in the room to break open and the butterflies to come out.

The pupils of the low fourth grade are glad to welcome a new pupil, Verna Mae Weston, to the class.

The children in Room 15 have been enjoying listening to the Standard School Broadcast every Thursday. The first period's musical theme was "Instruments of the Orchestra." The second period, which they are now enjoying, stresses the "Elements of Music."

AT CROCKER

Twenty-three children from Crocker school are to be the recipients of citations from the Treasury of the United States for their untiring effort in selling War Bonds for the Sixth War loan. The sixth grade room deserves special commendation, for selling the largest amount of bonds in the school. Joy Siegen, of Room 3, sold the largest amount.

Following are the students who will receive citations: Gerald Haussler, Joy Siegen, Helen Smith, Audrey Tilson, Juanita Crane, Walter Anderson, Ragnar Nordgren, William Evans, Marjorie Kruse, Beatrice Cassasa, Marvin Higgins, Wanda Sadler, James N. Albera, Paul Derrick, Marianne Costello, Tommy Mejia, John English, Florence Nordgren, Joseph McKay, Barbara Winter, Shirley Downie, Ruth Davidson, Evelyn Blandini.

The pupils of Room 3 welcomed two new classmates this week. Ronald Watkins and Ruby Anne Lovette transferred from San Francisco.

Room 4 was shown a film, the "Lure of the Andes." This picture showed the Andes Mountains and valleys in the country of Bolivia.

During a recent social science period the pupils of Room 6 were shown lantern slides on "Air Travel" and "Transportation Through the Air." These slides correlated with the present unit of work which is "Travel by Air."

Currently At Daly City Theatre

Joyce Reynolds would seem to be having a difficult time trying to make a choice in Warner Brothers' new comedy hit "Janie" which opens at the Daly City tonight. Handsome Private Dick Lawrence (Robert Hutton) and faithful "Scooper" Nolan (Dick Erdman), her high school sweetheart, don't seem to be of much help.

Sparkling Comedy Comes To Local Theatre

It's beginning to look as if the enterprising Warner brothers are blazing still another trail in motion picture entertainment—specifically, in the field of sparkling comedy based on a healthy appreciation of what it means to be an American. Their latest effort along these lines is the new comedy hit, "Janie," which opens tonight at the Daly City theatre with newcomers Joyce Reynolds and Robert Hutton in the top roles.

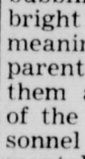

Promising much in the way of comedy (the film is an adaptation from the stage play of the same name which ran for more than two years on Broadway and the road), "Janie" also does double duty as a special reminder to present day American moviegoers that there is truly something to be grateful for daily. In this respect similar, though totally unlike, "Janie" brings to mind that other successful Warners' comedy hit, "The Princess O'Rourke," which audiences will recall as an amusing, always entertaining, light comedy which nevertheless left them with a terrific and justifiable pride in their country.

On the surface, "Janie" is a bubbling story about a group of bright youngsters, their well-meaning but slightly bewildered parents, and the effect upon them and their small community of the sudden influx of Army personnel into their midst. Fundamentally, it's a commentary on the wholesomeness of the American community which, in turn, reflects the basically healthy state of this country's structure.

A remarkable array of talents has been assembled in the making of "Janie." The cast, besides Joyce Reynolds and Robert Hutton, includes Edward Arnold and Ann Harding as Janie's father and mother, respectively; Robert Benchley as an inveterate bachelor friend of the family; Alan Hale as an elusive priorities chief; Hattie McDaniel as a faithful family retainer; and an up-and-coming group of youngsters.

NOW AT HOME

Leonard A. Muller, 499 Vista Grande avenue, is convalescing at his home, after an appendectomy which confined him to St. Francis hospital for six days. He is employed at Pacific Electrical and Mechanical company but will not return to his position until after the first of the year.

Our fighting men are doing their share. Here at home the least we can do is put 10% of our income in War Bonds.

Eagles Initiate More Candidates

A special class of candidates was initiated into membership at the Thursday night, December 7, meeting of Colma Vista Grande Aerie No. 1848, F.O.E. James Poket, charter member, had secured enough new members to exceed the aerie's quota of sixty for the year. The December 7 ceremony was held in his honor.

During the first six months James Schultz and Gus Ford tied for members bringing in the most new candidates. Each will be awarded a diamond pin. A prize for the man bringing in the most new members during the month of December will be awarded at the December 21 initiation.

The dance which the aerie gave at Little Italy hall, 6229A Mission street, Saturday night, December 9, drew a crowd of more than 120 couples. Emil Bertelli and Gus Ford were in charge of the Ladies' Night program.

The grownups will enjoy the Yuletide party, too, and there will be refreshments for all. Party chairman is Mrs. Ben Mathias.

At their business meeting, December 6, the parlor elected officers for the new term. Those who will be installed in January include: Miss Marge Steele, president; Mrs. Marjorie Baker, first vice-president; Mrs. Irene Littlewood, second vice-president; Mrs. Lillian Colloty, third vice-president; Mrs. Hattie Kelly, recording secretary; Mrs. Lucille Wohler, financial secretary; Mrs. Louise Eliasen, treasurer; Mrs. Thelma Feretti, marshal; Mrs. Ann Biggio, Mrs. Fredereka Volkman, Mrs. Dorothy Donofrio, trustee; Miss Eileen Sullivan, organist; Mrs. Betty Czerwinski, inside sentinel; Mrs. Marie Hogerheiden, outside sentinel; Miss Adele Wood, past president.

Change Date For Physical Exam

Date for this month's call for pre-induction physical examinations has been changed from December 23 to December 22, according to Mrs. Isabelle Flynn, chief clerk at Daly City Draft Board No. 103. Thirty-three men have been notified to take the exams on that date.

Only actual induction call to date is for three men, December 16. Another was expected but has not been received as yet.

Current project at the board office is the reclassifying of all men over 38 into 4-A. Many of the notices have already been mailed but it will be many weeks before the huge task is completed.

The local draft board will get its only holiday of the year, Christmas Day, December 25.

Mrs. Flynn again issued a reminder that boys reaching 18 must bring birth certificates with them when coming into the board office, second floor, 75 Wellington avenue, to register for Selective Service.

New President

Dr. Henry F. Grady, president, American President Lines, was elected president of the San Francisco Chamber of Commerce, December 5, and will take office January 1, 1945.

Grady, who was the Chamber's first vice-president succeeds Adrien J. Falk, who was the 1944 president.

Brayton Wilbur, president, Wilbur-Ellis company, was elected first vice-president of the chamber.

Roland Tognazzini, president, Union Sugar company, was elected second vice-president.

W. Lansing Rothschild, president, Yellow Cab company, was elected third vice-president.

In accepting the presidency, Grady said, "It is a challenge to me to take up the leadership of the San Francisco Chamber of Commerce so ably and intelligently handled by my predecessor Adrien Falk, and a challenge that I welcome.

"During the past years the San Francisco Chamber has showed itself willing and able to adjust to the many wartime changes and to drive ahead of the times in plans and actions.

"The chamber has broadened its horizons. It has led in building a workable basis for cooperation between the communities of the Bay area, of California and the West."

KEEP ON Backing the Attack WITH WAR BONDS

Gen. Chennault Laughs--With Reason

Official U.S. Army Photo

The Chennault laugh (rarely photographed) broke out as the Commanding General of the 14th U. S. Air Force in China looked over a visual chart presented by Col. John O. Neal, his operations officer, showing what the 14th had done to the Japs up to Sept. 30. Note the staggering total of Jap shipping sunk, probably sunk and damaged. Purchases of War Bonds made this record possible. Keep on buying—and the 14th will keep on flying—with a purpose.

You don't need muscles like Lionel Strongfort and you don't need experience to handle this job. Furthermore, we'll be glad to have you even if you can give us only a few days at a time. The work is handling freight with Southern Pacific . . . loading, unloading cars, a lot of it vital war freight for the Pacific war fronts. It's no ladyfinger job but still, nothing an average man can't do. Good gang to work with. New, higher railroad pay. Liberal age limits. A chance to hook on to a solid job with a big company. Come on down and see us. We've got a hunch you'll like it.

READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

Bennett Cerf's "Try and Stop Me" is a collection of anecdotes and stories of stage and screen celebrities, writers, and just plain anonymous people.

BENNETT CERF

Here's one about New York City's renowned Mayor LaGuardia. Occasionally he presides in Police Court, and one bitter cold day a trembling old man was brought before him, charged with stealing a loaf of bread. His family, he said, was starving. "The law makes no exception," declared the Mayor. "I must sentence you to a fine of ten dollars." But the Little Flower was reaching into his pocket as he added, "Well, here's the ten dollars to pay your fine. And now I remit the fine." He tossed the bill into his famous sombrero. "Furthermore," he declared, "I'm going to fine everybody in this courtroom fifty cents for living in a town where a m[illegible] steal bread in order to eat." The hat was passed and an incredulous old man, with a light of heaven in his eyes, left the courtroom with a stake of forty-seven dollars and fifty cents!

Jane Addams, the social worker, tells this one on herself, says Mr. Cerf. She met an old friend on a train one afternoon, and greeted her cordially though she couldn't remember her name. "The conversation will give me a clue," she thought, but for a half-hour she got nowhere. Then the friend said, "My poor brother is working himself to death these days. "Ah, yes," said Miss Addams, "your dear brother. And what is he doing now?" Her companion glared. "He is still President of the United States," she remarked coldly.

A "shaggy dog story" is the name given to jokes whose punch line makes no sense. They are guaranteed, says Mr. Cerf, to make literal-minded Aunt Minnie cut her week-end visit short in a hurry. An example: A man's ear was bleeding like a stuck pig. "I bit myself," he explained. "That's impossible," said the doctor. "How can a man bite himself on the ear?" The man said, "I was standing on a chair."

Perhaps the one slang word in the Navy in widest circulation is "scuttlebutt" or rumor, which originated in the old scuttlebutts or water barrels on shipboards where sailors would gather to exchange gossip. In "Pacific Victory 1945," Joseph Driscoll tells of a British skipper who wanted to check on the speed of the scuttlebutt on his ship. One day, with tongue in cheek, he spread a rumor of shore leave on the starboard side and then dashed around to the port side. He held his stop watch and kept his ears open. The scuttlebut., he discovered, flashed from starboard to port in three minutes flat.

Maybe This Thief Was Just Hungry!

Whether it was purely with the idea of helping himself to a snack to begin with or whether a good lunch changed his mind, the culprit who broke into the cafeteria at Jefferson Union high school over the weekend took nothing but three candy bars. He made some sandwiches and drank two bottles of milk. Officer August Benassini investigated when the manager of the cafeteria reported that someone entered the place.

The officer found that entrance had been gained by making a hole in the window near the lock. Report of the incident was made to local police at 9:14 a. m., December 11.

Another report of someone breaking in over the weekend came from Carl Haas, proprietor of the auto sales and service business formerly known at Pantaleoni brothers, 7046 Mission street. Officer Benassini made the investigation in this case right after his call at the high school, December 11. Entrance had been gained by smashing a pane of glass in a rear door of the garage. The office was ransacked and 5 or 6 gasoline stamps and one blue fountain pen were taken.

Mary Douglas, 264 Granada avenue, San Francisco, was taken to Alemany hospital in the police car when she fell from a horse at San Pedro road and Mission street, Sunday, December 10, 2:55 p. m.

While on patrol, December 10, Officer Benassini recovered a Chevrolet dump truck belonging to the California Paving company. It had been reported stolen from San Mateo. The truck was placed in Pettigrew's garage and local police notified the sheriff's office of the recovery.

At 1 a. m., December 9, Officers James Welsh, Roland Petrocchi, and George Savage broke up a fight at Theatre grill, 6233 Mission street. Seven sailors were involved in the quarrel.

Fire Chief Andrew P. Chesney and Mrs. Chesney were injured in an accident at Nineteenth avenue and Holloway, December 7, at 6:55 p. m. The ambulance, driven by Dean Wood and Emil Bertelli, reported to the scene on a request from M. Whitmer at the Metropolitan Housing project. They brought the couple home and the car was towed to Ferretti's garage.

An auto accident involving property damage only occurred at Crocker avenue and Mission street, 11:40 p. m., December 7. Drivers were Oather W. Parker, 349 Peoria street and Arthur Taylor, 65 Whittier street, San Francisco. Officers Petrocchi, Benassini, and Edward Beecher investigated.

INTERPLAY OF COLORS distinguished the spicy brown cape-suit ensemble shown during a "Fashions of the Times" telecast over Columbia's New York video station WCBW. Matching the gold which combines with white to animate lines of a slender, wool dressmaker suit, the rich autumn shade is repeated in both scarf and lining of the nutria cape. Final touches are the gold chatelaine and beret clip. (From Peck & Peck, New York.)

Employees' Cafeteria At S. F. Airport Needs Additional Workers

At the San Francisco Airport, United Air Lines recently opened a new cafeteria for its employees who are directly serving the vital war industry of air transportation.

This cafeteria is one of the most modern in the Bay Area. It has the latest equipment, is well lighted and ventilated—in short, it is a fine place to work.

So important is this cafeteria, it is open 24 hours a day serving United's war workers. But to keep it operating around the clock, additional workers are needed.

Here are the positions which are open today:

Assistant Cook — man or woman with commercial cooking experience.

Restaurant Helpers — women to work as counter waitresses, as bus girls, and at the steam tables.

Kitchen Helpers — men or women for general utility work.

Janitors — men or women needed.

All cafeteria employees receive two meals a day; uniforms free except to cooks. Free laundry. Rotating shifts.

Apply in person, United Air Lines, San Francisco Airport, Bayshore Blvd. at San Bruno Ave., or 421 Powell Street, San Francisco.

Jefferson Union High School Students Hear Talk By San Quentin Prison Warden

Jefferson Union high school's student body heard Clinton Duffy, warden of San Quentin, in an assembly address at the school, Tuesday, December 12. One of the outstanding recommendations which he made was, "I advise every young man to fully complete his high school education and to learn a vocation so that he may become a useful and respected citizen."

Warden Duffy began his talk with an interesting review of San Quentin's history. The prison was built in 1851 to house two hundred men. By 1934 the population numbered 6,450. Present population is 3,400. As recently as four years ago torture was used on prisoners and solitary confinement consisted of a straight jacket. Now, however, conditions have been greatly improved and the prison officials strive to find the prisoners' troubles and help them to conquer their difficulties. Prisoners may be promoted to better jobs and better conditions if they earn them.

Warden Duffy sought to impress on Jefferson students the immense value of education. He told how education is one of the chief means used to rehabilitate men at San Quentin. Courses from first grade level through college are offered as well as vocational training.

The warden told how San Quentin had been declared the No. 1 prison in the United States for participation in the war effort. The inmates have made outstanding records in the purchase of War Bonds, war production, and in giving blood to the Red Cross.

This Christmas the war trains will roll —as usual

Out on the line, December 25 will be as busy as any other day on the Southern Pacific. It won't be much of a holiday for our men at the front, either. The enemy doesn't stop shooting just because it's Christmas.

This Christmas Day and night we shall keep the war trains rolling, just as we have kept them rolling every day and night since Pearl Harbor.

To all the travelers and shippers we served this year—our heartfelt thanks for your sympathetic understanding of our problems, and the cheerful way you accepted the inconvenience of wartime transportation.

In sending you the Season's Greetings, we join with you in praying that next Christmas will be celebrated in a world of peace.

Civilians! To avoid disappointment please don't plan a holiday trip on Southern Pacific trains. Let a man in uniform go instead.

Miss Continolo Bride Of D. Rossa

At a beautiful wedding ceremony in Our Lady of Perpetual Help church, Sunday afternoon, December 10, Miss Gracia Continolo became the bride of Daniel Rossa, U. S. Navy. Dozens of relatives and friends thronged the church to see the pretty service.

The bride, daughter of Mr. and Mrs. Frank Continolo sr., 439 Evergreen avenue, was given away by her father. She wore a gown of white slipper satin with a long train and carried a fan-shaped bouquet of gardenias and cyclamen. A headpiece of lace held her tulle veil in place.

Matron of honor was Mrs. Angelina Sereni, who wore a nile green gown of satin and chiffon and carried a bouquet of pink carnations. Bridesmaids, gowned in satin and tulle and carrying bouquets of white carnations, were Mrs. Margie Donati, Mrs. Jessie Curtin, Mrs. Evelyn Continolo, Mrs. Rosella Olson, and Mrs. Margaret Gargiulo. One bridesmaid wore blue, two, pink, and two, orchid.

The best man was Bob Gallucei and ushers included Sid A. Jung, Ralph E. Johnson, Dave Minnitti, Bill Young, and George Kritsidimos. All were in the uniform of the United States Navy as was the groom.

White chrysanthemums decorated the church.

A wedding dinner was held at the bride's home after the 3 o'clock ceremony. In the evening a reception was held at Colombo hall, Colma. Here the bride and groom cut a huge wedding cake made by Mrs. George Augustien, long-time friend of the family. Pictures were taken of the happy couple at the reception.

The groom's home is in Milwaukee, Wisconsin. The bride, who has a host of friends here, has lived in Daly City all of her life. She attended Crocker and Jefferson Union high schools.

Slices That Delight

By Frances Lee Barton

PLACE a few slices of date nut loaf on your table and watch them disappear. They'll do it every time, for few there be who do not have a weak spot for this delicacy.

Try the following recipe now that the days are cooler and baking is once again a pleasure:

Date Nut Loaf

3 cups sifted cake flour; 3 teaspoons double-acting baking powder; ¾ teaspoon salt; ½ cup sugar or dark corn syrup; ½ cup chopped walnut meats; 1 cup finely cut dates; 1 egg, well beaten; ¾ cup milk; 4 tablespoons melted shortening.

Sift flour once, measure, add baking powder, salt, and sugar and sift again. (If corn syrup is used, combine syrup with milk.) Add nuts and dates. Combine egg, milk, and shortening; add to flour mixture and blend. Bake in greased loaf pan, 9 x 5 x 3 inches, in moderate oven (350° F.) 1 hour, or until done. Store overnight or for several hours before slicing.

Cereals to Enhance Rationed Meals

By BETTY BARCLAY

When you enhance a meal, according to Mr. Webster, you "raise it in esteem" or "heighten it in value."

These days, with so many foods still rationed or likely to be rationed, enhancers are more important than ever before.

Cereals with whole-grain nourishment may be called on time after time to enhance our rationed meals. They add to the food value, bolster up shortages of rationed foods, and enable you to serve unusual "surprise" dishes that will be repeated long after rationing is but a dim memory.

Once breakfast foods, cereals are today appearing at every meal. Never again will they be called upon merely for a breakfast first-bite.

Here are a few recipes that show how cereals may be used as enhancers:

Toasties Hamburgers

Combine ½ pound ground beef with 1 cup Post Toasties, slightly crushed, 1 teaspoon salt, dash of pepper, and 3 to 4 tablespoons of water or milk. Shape into balls, flatten out and saute on each side in a very slightly greased skillet.

Grape-Nuts Stuffed Onions

6 large onions
½ cup (¼ pound) sausage meat
½ cup Grape-Nuts
½ teaspoon salt
⅛ teaspoon pepper
1 tablespoon melted fat
1 tablespoon ketchup

Peel onions; cook 15 minutes in large amount of boiling salted water. Drain, cool, and remove centers from stem end, making little cups. Chop centers and combine with sausage, cereal, salt, pepper, fat, and ketchup. Fill onions with mixture and place in greased baking dish. Bake in moderate oven (375° F.) 45 minutes, or until onions are tender. Makes 6 servings.

Note: If desired, place ⅓ slice of bacon on top of each onion before baking.

Wheat-Meal Supper Dish

¼ teaspoon salt
1¾ cups boiling water
½ cup Grape-Nuts Wheat-Meal
1 cup grated American cheese

Add salt to boiling water in saucepan. Add cereal slowly, stirring constantly. Bring again to a boil and cook 3 minutes, stirring constantly. Add cheese and mix well. Pour into 6 x 4 x 3-inch pan. Chill until firm. Cut into ½-inch slices. Dip slices in flour and sauté in small amount of fat, turning to brown both sides. Serve with buttered or creamed vegetables. Makes 6 servings.

Buy War Bonds!

AT JEFFERSON HIGH

By VERNA MORESCO

Art Club

The regular meeting of the Jefferson Art club was held, Wednesday, December 6, and plans were made for the trip to the Legion of Honor, Sunday, December 10.

After visiting the art museum the members went to Playland. Both old and new members attended. Faculty adviser for the club is Earle Lewis.

Quiz Program

Wednesday of last week, the Stamps and Bond committee, under the chairmanship of Bob Olson, presented a musical quiz program.

The Indians of Rythm furnished the music part and students chosen to answer the questions were: Doris Hahn, Byron Kimler, Lorraine Sanders, and Andrew Qualia. Victors were Byron Kimler, first; and Doris Hahn, second.

Howard Miguel, dressed in white cap and gown, was master of ceremonies. Judges were John L. McCarthy, Miss Winifred Kaiser, and Earle Lewis.

Band numbers included "Flatbush Flanagan," "What A Difference A Day Made," with Pat Marocco for the vocal; and "I Dream of You" sung by Lillian Altman.

Christmas Spirit!

Everyone had the Christmas spirit last Friday night, when the Junior class presented as the theme for their Junior Prom, a Christmas scene. The center of the floor drew much attention with the beautiful six-foot white tree covered with white tinsel. Along the walls were reindeer, Christmas trees, wreaths, and for the stage background was "Old Saint Nick."

Chairman for this affair was Ed Boyle wth his able workers, Marjorie Crawford, Jack Farmar, Louise Ross, Virginia Bhend, Roy Lundgren, Virginia Nestor, Madelyn Mejia, and Benny Greenough.

Patrons and patronesses were Miss Nona Byrns, Miss Claire Nace, John L. McCarthy, Howard Miguel, Mr. and Mrs. Stanford Hannah, Mr. and Mrs. Elmer Hanley, and Mr. and Mrs. Thorsen.

Football Awards

In an assembly held, last week, Coach Marion Hall presented the following with football awards: Eugene Anderson, now in the Merchant Marine; Bill Higgins, Don Rutherford, Art Valverde, Jerry Galindo, Mervin Francies, Harvey Jans, Don Welsh, Donald Van Kirk, Dan Shannon, Thomas Tromborg, Harold Tikkanen, Bob Plyer, Earl Odell, Paul Troche, and Tom Fazenden.

Manager for the football team was Bob Evans, and assistant manager was "Teddy" Van Kirk.

At the end of the season Don Van Kirk was chosen as football captain. He is also Block "J" president.

Basketball Awards

Members of the 110 basketball squad who played the number of required quarters received their blocks: Joe Barros, Jerry Danford, Walter Shannon, Gilbert Thompson, Ed Gigli, Lee Micheletti, and Robinson received their awards.

Chosen as captain was Walter Shannon. Manager for the team was Charles Gardella.

Members of the just "too, too, wonderful" 120 team, who, by the way, won the first league championship for Jefferson in basketball, were also given their awards. They were as follows: Benny Greenough, forward; Wayne Root, guard; Ben Parodi, center; Don Dekker, guard; Charles Piccard, captain of the 120 team for the season.

Those on the reserve of the 120 team who also received their blocks were Al Delfino, Jerry Gigli, Don Girdler, Peter Ramer, and Ray Toney.

Managers were Eugene Grant and Bill Bryant.

What a Day!

That's what the newly initiated members of the Block "J" said after Monday. Those initiated into the society were Earl Odell, Mervin Francies, Art Valverde, Dan Shannon, Harvey Jans, Don Welsh, Thomas Tromborg, Paul Trochi, Bill Higgins, Tom Fazenden, Don Rutherford, Bob Plyer, and Jerry Galindo.

Presentation

After the football awards were presented, last Monday, two South City students were at Jefferson to present the plaque, which goes to whichever school wins the annual classic between Jefferson and South City. The school is entitled to keep it one year until the next game, which is held on Thanksgiving.

Reverend **D. C. McKisson**, pastor of Grace Church of the Nazarene, Vista Grande and Santa Barara avenues, attended a Nazarene preachers' conclave at Beulah park, Santa Cruz, the early part of this week.

Sixth War Loan Nears Conclusion

tre.

This week, Sea Scout Ship No. 144 is taking charge of the bond sales booth in the theatre lobby. Last week, Daly City Post and Auxiliary No. 410, American Legion, staffed the booth.

Jefferson Union high school students did much to increase sales, last week, Chairman Lehigh said. In a 3-day house-to-house canvass they sold $12,500 in bonds, exceeding their school quota of $11,000. Of this total those bonds sold to Daly City residents were credited to the local drive.

"Come on, Daly City, let's meet our obligation in this drive," Lehigh stressed.

There are three convenient places to purchase bonds locally, the Daly City branch, Bank of America; the post office, and the bond booth in the theatre. In addition, all of the schools have been handling bond sales.

The photograph taken at the War Bond Premiere will appear in next week's Record. It was unavoidably delayed at the engraver's, this week.

Colma District

Colma district has now reached 66 2-3 per cent of its $82,440 quota for the Sixth War Loan drive, according to John Ferrari, chairman for the drive, who expects the area to reach its goal before the close of the campaign. Mrs. M. Pauline Brown, war finance chairman, said that Colma like other communities is lagging in its sales of "E" bonds.

School children of Colma district did an outstanding job during their December 5, 6, and 7 canvass, selling 77 bonds, Mrs. Brown reports. She expressed her sincere appreciation for the interest that teachers and children showed in the Sixth War Loan drive. Mrs. Clara Leonetti's class sold the largest number of bonds, 28 in all.

Residents fo Colma district may see just how their drive is progressing by consulting the sales thermometer in Anchor Drug store, Mission and Market streets. Individuals are asked to buy just as many bonds as possible during the Sixth War Loan.

FORESTERS

Preceding their business meeting, Tuesday night, December 19, members of Vista Grande Circle No. 253, Foresters, will hold a pot-luck Christmas dinner party at Linhares Social hall, 176 Los Banos avenue.

A pleasant evening is planned and all Foresters are urged to attend.

Announce Hours For New Center

Hours at the center opened for servicemen at 6276 Mission street, Friday night, December 8, will be 10 a. m. to 11 p. m. daily, according to Calvary Baptist church, which sponsors the project. Known as the Christian Servicemen's Organization, the club's official open house ceremonies drew a large crowd.

Purpose of the center is to provide a comfortable haven for Army and Navy men stationed nearby or passing through the town. Books, periodicals, games, music, writing materials, comfortable chairs, and a friendly home-like atmosphere are expected to appeal to the men.

Instrumental in getting the opening and operation of such a center organized was Pastor Gilbert Bellshaw, who is assisted by an able group of church members.

City officials present, Monday night, in addition to the council, were Clerk B. C. Ross, Deputy Health Officer Collins, Water Department Superintendent Arthur Bodien, and City Attorney Hoffman. Councilman Meritt has not returned from the north yet and Councilman Lynch was reported absent due to a death in the family.

NEWS OF OUR MEN AND WOMEN IN UNIFORM

(Continued from Page 1)

school.

Here is a brief account of the David-and-Goliath engagement from which his doughty 2100-ton destroyer emerged with honor—and with the formidable Japanese flotilla retreating.

Assigned to protect a force of six escort carriers, this destroyer, which for naval security reasons must remain in the "X" category, found herself in the midst of a classic sea battle on the morning of October 25. It began with little warning to the American task force.

Without pausing to count costs, "X" and her sister-ships, the USS HOEL and JOHNSTON, both of which were sunk by enemy fire in the subsequent action, drove in for a torpedo attack against a double column of four Jap battleships and supporting heavy cruisers. They slashed through their own smokescreen and rainsqualls to launch their missles and score hits. A detachment of brave little destroyer escorts accompanied them. One, the USS SAMUEL B. ROBERTS, was lost.

Battleship 14-inch and cruiser 8-inch shells hammered them.

From 4000 yards "X" pummelled the enemy with her own light 5-inch guns. She took hits, but administered enough punishment to turn away one battleship. The rest followed—temporarily.

As the escort carriers, including the USS GAMBIER BAY and ST. LO which went down in the furious engagement, withdrew south, "X" unflinchingly whirled back to attack the heavy cruisers. With her two sisterships mortally damaged and the destroyer escorts giving close support to the carriers, she went alone.

Enemy shifted fire from the wounded carriers to hammering at "X", which was down-by-the-bow as a result of hits. Again she gave the Japanese pause; and then, mysteriously, the enemy departed. An air raid late that day added to "X"'s troubles, administering the final blow to the ST. LO.

Commander Amos Townsend Hathaway, United States Navy, of Bakersfield, commanding "X", who gave the eye-witness account of the historic action, now urges that West Coast shipyard workmen stay on the job—to build more ships and to repair damaged vessels like his own destroyer so they can rejoin the fight.

Staff Sergeant **Neil T. Pezzola**, 21, 156 Miriam street, Daly City, is an ammunition NCO in an Italian based Liberator bombardment group which has been awarded the War Department Unit Citation "for outstanding performance of duty in armed conflict with the enemy." He is authorized to wear the War Department Unit Citation badge, according to the 15th AAF in Italy.

Commanded by Colonel Horace D. Aynesworth, of Childress, Texas, the group received the nation's highest organization award for an attack on the Hermann Goering steel works at Linz, Austria, July 25.

In the words of the citation which accompanied the award, "ground crews worked enthusiastically and determinedly to have their aircraft in perfect mechanical condition to insure the success of the mission."

The group entered the Italian campaign in January and has since flown more than 125 combat missions over such major Nazi targets as Munich, Germany; Bad-Voslau, Austria; Ploesti, Roumania; and Blechhammer, Germany.

Back in South Pacific

The young man at the far left in the snapshot above is Corporal **Richard Bolger**, son of Mr. and Mrs. William P. Bolger, 43 Risel street. He's in training with the U. S. Marine Corps overseas in preparation for more combat service. He has already seen plenty of tough fighting against the Japs.

In July, Bolger was back to the states for a short time. He was reassigned to overseas duty from Camp Pendleton. His friends in the photo above are Earl Lundeen, John Fulton, and Nelms Honeycutt.

Harry C. Curusis, 21, of Daly City, navigator on the B-17 Flying Fortress, "Miss Me," which is participating in Eighth Air Force bombing attacks on targets in Nazi Germany, has been promoted from flight officer to second lieutenant. The news was released by an Eighth Air Force Bomber station in England.

A member of the Thirty-fourth Bomb group, a unit of the Third Bombardment division, the division cited by the President for its now historic England-Africa shuttle bombing of Messerschmitt plants at Regensburg, Germany, Lieutenant Curusis is taking part in aerial assaults on Nazi airfields, oil refineries, railroad yards and tactical targets in support of the Allied armies on the road to Berlin.

Lieutenant Curusis is the son of Mr. and Mrs. Gus Curusis, 132 Bruno avenue, Daly City. A former student of San Mateo junior college, he was an accountant before entering the Army Air Forces. He's a graduate of Jefferson Union high school.

Curusis has won a fourth Oak Leaf Cluster to his Air Medal for "meritorious achievement . . . coolness, courage and skill" during Eighth Air Force bombing attacks on targets in Germany and Nazi occupied Europe.

Aviation Machinist Mate Third Class **Guido A. Lazzari**, Colma, has been reported wounded in action. He is in the U. S. Naval Reserve. His mother is Mrs. Mary Lazzari, Hillside boulevard.

Seaman First Class **Walter Donald Lehigh** had a few days in Daly City to visit his parents, Mr. and Mrs. W. J. Lehigh, 563 Crocker avenue, before leaving for Chicago, Tuesday night, December 12. There he will continue his training as a radio technician.

Lehigh, who entered the Navy under the V-12 program, has taken training at the University of New Mexico, the University of Texas, and the Great Lakes Training station. He's a graduate of Jefferson Union high school.

Jess W. Crowder, lieutenant in the U. S. Army Air Force, took part in a raid over Tokyo, November 27. One hundred planes participated and Lieutenant Crowder writes his parents, Mr. and Mrs. J. F. Crowder, 256 North Parkview avenue, that his group was accosted by Jap fighters who took one look at the number of planes and left. Successfully missing the Jap ack-ack all planes returned safely to their base.

Crowder is a co-pilot on a B-29. His friend, Lieutenant Jack C. Bussell, Berkeley, was in on a raid over Tokyo a few days before the November 27 mission.

Crowder received his wings and commission at La Junta Air field, Colorado. He has only been overseas a few months.

E. J. Gannon, son of Mr. and Mrs. E. F. Gannon, 127 Winchester street, has now served overseas in Honolulu for nearly a year. He is a metalsmith, third class, with the U. S. Navy. He entered the service in December, 1942, and took his "boot camp" training at Farragut, Idaho.

Gannon, who played baseball with the Daly City teams, is a graduate of St. James High school.

Proud Parents

Mr. and Mrs. Howard Morgan, 17 Grafton street, San Francisco, are the proud parents of a son born, December 9. The baby has been named Ralph Lee. The Morgans, who are members of Grace Church of the Nazarene here, have three other children. Morgan is church treasurer and Mrs. Morgan is superintendent of the Cradle Roll department.

AN IMPORTANT DECISION

Most people, in order to eat, must work. Therefore, most people, whether they realize it or not, are interested in how America's great industries will be governed after the war. There is a definite trend toward all-embracing Federal control in place of the independent management of private citizens. Aside from the point of who most people would rather work for, millions of John Browns—private citizens like themselves—or a single all-powerful boss, the government, there is the further consideration of what is best for the country.

History has proven that industry run and owned by private citizens is more productive and more conducive to the national welfare than any government enterprise could ever hope to be. An excellent comparison can be found in the American railroads which were operated by the government in the first world war and are privately managed in the present war. In the words of Nation's Business: "Today the railroads are carrying just about double the daily loads of the earlier war—are doing it with one-third fewer locomotives, one-fourth fewer cars and 500,000 fewer men. They are doing it with none of the congestion and delays of that time and are doing it with their own resources. Moreover, instead of costing the taxpayers nearly $2,000,000 a day, as did government operation of the railroads during the first war, today's operations are paying more than $5,000,000 a day in taxes."

Private industry has its faults. They should be corrected as rapidly as possible. But private industry has its advantages—advantages that should swing public opinion in its favor in the important decisions to come.

QUALITY DEPENDS ON CONSCIENCE

Various reasons have been given for the deterioration of quality in the things being bought today in the nation's stores. When the war is over, the general belief seems to be that quality will come back as fast or faster than it disappeared. Labor and materials will be more abundant, and if production is high, the effects of high costs should be minimized. But is this all that is necessary to guarantee quality? It is not. Another important factor is competition. Where there is no competition, there is no incentive to quality.

The American standard of living reached unprecedented heights because production and distribution were carried on under a competitive system. No very long memory is needed to recall how before the war, the moving force back of the sale of every service and commodity was the appeal to the consumer's taste for quality. Maximum quality at minimum prices was and still is the goal of the worthy merchant who firmly believes that the day will come when competition, rather than OPA lawyers, will again rule his existence. This type of merchant is the backbone of the distribution system. And it is this type of merchant who advocates most strongly that wartime regulations restricting competition be relaxed as rapidly as possible. He realizes that in the long run high quality and good service cannot be maintained without the stimulating influence of competition.

If wartime rules over distribution are a necessary evil to be continued on into the peace indefinitely, we may as well make up our minds right now to do without quality in the merchandise we buy. Quality depends on conscience and competition. It can't be sold by the pound at a fixed price.

EXECUTIVE VICE-PRESIDENT OF P.G.&E. DIES

P. M. Downing, executive vice-president of Pacific Gas and Electric company, died, December 11, at St. Luke's hospital after 43 years of service with the one company.

Downing had been away from his desk only a short time although for the past two years he had suffered recurring attacks of illness. He had held rigidly to his daily schedule of office duty until recently when his doctors insisted upon his going to the hospital for treatment.

His death, at 71, brings to a close an illustrious career in public utility engineering and management which had its beginnings in the hard field work of the pioneer days of the electrical industry. Paying tribute to his old friend and co-worker, James B. Black, president of Pacific Gas and Electric company, said:

"P. M. Downing was an unusual man, as big in mind and spirit as he was in physical stature. We who were associated with him for so many years knew and appreciated the unchanging integrity of his thinking, the breadth and depth of his technical and executive knowledge and the rich human qualities of courage, patience, sympathy and understanding with which he was endowed. His great contribution to the public utility industry, to the advancement of which he devoted his life, will stand as his memorial. His loss will be felt deeply by the industry, by this company, and by every one of our 10,000 employees who has been privileged to know him."

Quickie Dinners for Busy Shoppers

GOING TO put in a full day soon, holiday shopping? Then you won't want to worry about preparing dinner after you get home! Here are some suggestions for good meals that can be prepared the *day before*, for the most part, and then served in a jiffy.

For example, build a dinner around

LIMA BEAN CHOWDER

Pick over and wash *1½ cups lima beans*, and put them in a 4-qt. kettle with enough water to more than cover. Cook slowly, covered, until tender (about 2 hours). Mash the beans and add *1 cup finely chopped onion, 1 cup finely diced carrots, 1 cup thinly sliced celery, salt and pepper to taste.* Cook until vegetables are tender (about 20 minutes). Add *2 cups milk* and *¼ cup finely cut parsley*, and heat to boiling. (Quantities given provide 6 cups of chowder; double them for 12 cups.) This can be quickly reheated for shopping-day dinner.

With it, serve a *cabbage salad, French bread* or *crisp toast*, and follow with reheated *gingerbread* and *applesauce* or *baked apples.*

MEDITERRANEAN CASSEROLE

is the foundation for another good dinner! Have it all ready for baking, so you can pop it into the oven the minute you get home from shopping.

Boil *½ lb. uncooked wide noodles* or *spaghetti* in large amount of rapidly boiling salted water until tender; drain. Brown *3 tbsps. minced onion* in *1 tbsp. hot shortening;* add *1 lb. ground round steak* and *½ lb. ground pork steak* and cook until well separated, stirring frequently. Add *2 cups whole kernel corn, 1 cup concentrated tomato soup* or *strained tomatoes, salt* and *pepper to taste.* Mix together all ingredients with *1 cup grated American cheese*, in well greased 2-qt. casserole. For final preparation, bake in moderate oven (350° F.) 45 minutes. Serves 6 to 8, generously.

With it, serve *apple-and-celery salad, toast* or *hot bread* or *rolls*, and follow with a *fruited gelatin dessert* and *cookies.*

Thrilling victories achieved by our men in the Pacific are clearing paths through the air and over the waters, to Japan and complete Victory. Time for the K. Measure distances between the countless islands we have yet to wrest from the desperate Nipponese. Estimate the ships, the materials that will be needed, the lives

NEWS ITEMS FROM LOCAL OPA

(Editor's note: this column is prepared for The Record's readers by the local OPA board and is printed by this newspaper for the convenience of both the public and the board.)

This is GROCER-CONSUMER ANTI-INFLATION WEEK, proclaimed by your mayor for your area. Please remind your grocer and butcher if their ceiling price lists are not posted where you can easily read them. Make it your contribution to the week to check the ceiling price of three items you buy and talk to your grocer about ceiling prices.

LEMONS: here is why there is an unusual shortage of lemons. First, the 1943-44 crop was short. There are not enough lemons now in storage to meet all demands until the 1944-45 crop comes on in abundance. Unfavorable weather, last February, in the producing area of California reduced the crop. Along with a small crop, demands ran unusually high this year, due to the number of flu cases around the country. Citrus dealers maintained their shipments because of the large crop expected. Then this summer shipments of lemons were heavier than average because of continued demand at ceiling prices.

COFFEE QUESTION: a joint statement has been issued by the OPA and the WFA to the effect that coffee prices will not be increased. This statement was made because members of the Inter-American Coffee board have requested a price increase. After full consideration of the question by all interested federal agencies, it was decided that prices of unroasted and roasted coffee at all distribution levels in the United States are of extreme importance in the stabilization program, and therefore, will remain "as is."

Artful Combine

REAL CHANTILLY LACE, a duration absentee from the fashion scene, is promised a revival in post-war designs for evening wear. The quiet formality and delicate beauty of fine applique excites the graceful lines of a sheer black modeled by CBS actress Angel ("Bachelor's Children") Casey during a preview staged by the Chicago Fashion Industries. Completing the dainty costume was a matching cape which will do head-covering duty route to the festive scene.

Gertrude Wall Exhibit At Museum

Now on display at the de Young museum, Golden Gate park, is a group of ceramics and block prints by the versatile Bay region artist, Gertrude R. Wall. Known primarily as a potter, Mrs. Wall has augmented the ceramic ware in this exhibit with several flower prints—the results of sketches made on the island of Maui where the artist went to help open a new art center in pre-Pearl Harbor days. In these colorful prints she has endeavored to design wall decorations for the modern home, at the same time retaining the exotic qualities of the tropical hibiscus, ginger and breadfruit. Pillow vases, flower bowls, animal figures, cigarette boxes and ash trays, pitchers and jugs in a variety of interesting glazes comprise the ceramic section of the show. Hand-carved natural wood stands and lids for many of the pieces have been created by the artist.

Formerly a teacher of ceramics at the California School of Fine Arts, Mrs. Wall is now on the faculty of the University of California Extension division and is currently devoting a good deal of her time to rehabilitation work at Letterman hospital in this city. Her present exhibition will be shown through the month.

Consider Bond Issue For Airport

The development of San Francisco Airport at a cost of $20,000,000 to be paid for from a general bond issue is under consideration by the board of supervisors, this week.

Improvements would provide for both land and seaplane operations.

New facilities would include hangars, administration building, shops and other facilities required by several major airlines presently requesting space at the San Francisco Airport. Plans call for removal of the present Bayshore highway a half-mile west, acquisition of additional land, relocation of existing buildings and facilities.
